

Putting the 'FUN' into Fundraising!

Could your school organise a fun event to help us support more local children and families?

Here are a few ways you could help us but you may well have even better ideas of your own!

Balloon release

Each child writes a hope/kind message onto the end of a balloon. The whole school/class release the balloons together. You could even share your messages or generally give thanks.

Fegans

Transforming the nation one child at a time

Wear red for Fegans

Red is Fegans' brand colour, a vibrant colour representing love. On a designated day, children could wear as much red as possible, or simply one item of red clothing or accessory.

Art exhibition

Why not create your very own art exhibition? Perhaps the theme could be happiness, family... something positive. The children's art work is laminated/mounted and displayed and parents are given the opportunity to 'purchase' their own piece of unique art.

Sponsored 'three good things'

Fegans aims to spread happiness and we'd love to help children do the same. Children choose three kind deeds that they could do for loved ones, neighbours or friends and gather sponsorship to complete them.

How will the money be spent?

Fegans offers invaluable support to vulnerable children through qualified paediatric counselling and parent support. We would love to be able to reach more children and families in your community and your fundraising will help us to do this.

What support can you offer us?

We have template posters and leaflets that can be tailored to promote your event along with an editable letter to send home to parents. Fegans stickers, collection tins, donation and sponsorship forms can also be supplied. Our dedicated fundraiser is also available to provide further support should you need it.

We would **love to help** you, what should we do next?

Contact Ann-Marie Fisher via email (annmarie.fisher@fegans.org.uk) phone (01892 538288) to let us know how you would like to fundraise, or ask any questions you may have. Once we have the details we will then send you the materials you need to make it happen!
